

Bijlage 6 Werklijst

List of main activities of the organ builders Brammertz and Gilman, with

- the year of completion of the organ/work
- place plus modern country code
- , new' signifies a new organ with one manual (as far as is known); if an organ had two manuals, this is indicated
- 'uncertain' means that there is some cue for the involvement of the organ builders, but no proof
- finally, if some parts of the organ still exist, this is specified.
